The company Blue Forest, founded in 2017, created by traditional cocoa producing families, Delmondes and Gedeon, that dated to the early 20th century. This tradition has enabled us to produce healthy, delicious cocoa beans required for quality nibs and derivatives. Using rigidly controlled management practices, selected cocoa beans that have been carefully fermented, sun dried and rigorously cleaned, we have created a gourmet product that exhibits distinctive flavor that you will value.

Included in our mission is preservation and maintenance of the Atlantic forest that promotes environmental sustainability and better social conditions for our farm employees.
